New location opening Ascona

We are happy to inform you that Property One is opening a new location in Ascona TI. This geographic expansion allows us to extend and deepen the opportunities for our customers north and south of the Gotthard as well as optimally use the connections between the German-Swiss and Ticino market regions. In Ascona, we will not only offer «Sales & Rentals» but also the further sectors of «Direct Investments & Transactions», «Planning & Building» and «Family Office Services.»

Mr. Duncan Voormolen, who has an interest in Property One Ticino SA, will lead our office in Ascona as a partner, and position and quickly build up the brand Property One. Duncan Voormolen looks back on a long career in real estate, where he successfully represented an international franchise market as a partner for more than ten years. Before he was active for 15 years in the real estate sector of his homeland, Holland, where he led his own real estate consultancy and supported a large number of new construction projects. After the successful sale of his company, he moved to the sunniest party of Switzerland together with his wife and their two children.

«Duncan Voormolen is the optimal managing director in Ticino for us and we look forward to our collaboration. He has a great deal of competency in the area of high-standing real estate and shares the same values, passion and visions with us.» Kevin Hinder, Co-Founder, CEO, Property One

«Property One is the ideal partner for me to further live out my passion as a businessman and property specialist within the framework of an established and dynamic structure. I look forward to continuing to care for and build up the high standing, the renowned business, and the high-value network of relationships of Property One here in Ticino.» Duncan Voormolen, Ticino Head.

The new location on the Via Bartolomeo Papio 8, in the heart of Ascona, is currently under construction and will be open soon. Regardless of this, Duncan Voormolen is already working and has added a variety of high-carat saleable properties to our offerings in a short time. We look forward to being able to offer you our usual and proven Property One quality, now also in Ticino.
